

Advancing the Practical Application of Suspension Technology

Dear Customer,

Here at Hutchens, we have promised to pass on savings when they become available. While most other costs have remained stubbornly high, we have seen a reduction in steel prices. These lower steel costs have enabled us to pass on the following price reductions effective October 1st, 2024:

High volume body rails: Down 8%

Full Suspension kits: Down 4-1/2%

All van sliders plus Z-rail frames: Down 2-1/2%

(Series 10s, 98XX series, 89xx series, 9400 series, & 9101Z frames)

We hope that you will find these new prices helpful and competitive. We are thankful for your business and look forward to continuing to serve you.

Sincerely,

Collin Parker

Vice President Sales

Hutchens Industries, Inc.
